Investment Essentials

Dealership Rooftops

The primary driver of growth for Quorum is the number and size of dealership rooftops that implement **XSELLERATOR™**. Sales to new dealership rooftops drive the New Installations revenue stream. At the end of Q3 2018, Quorum had a customer base of 359 rooftops with approximately 79% of those located in Canada and the remainder located in the USA.

Total Addressable Market (TAM)

The main driver of dealership rooftop growth is the size of Quorum's total addressable market, or TAM. The main driver of Canadian and USA TAM expansion is integration with the various automobile manufacturers (OEMs) as any dealer management system (DMS) must provide full integration with the auto dealership's OEM (Nissan, Ford, GM, etc.). Since 2007, Quorum has integrated with a number of OEMs, expanding its Canadian TAM by 449% from 269 rooftops in 2007 to over 1476 at the end of Q3 2018. In 2017 Quorum also completed Ford USA integration development, and in February of 2018, Quorum piloted its first Ford dealership in the USA, the result being that Quorum can now market **XSELLERATOR™** in the USA, increasing its TAM in the USA by 35%. Quorum has plans to continue to integrate with additional OEMs into 2018 and beyond.

Average Recurring Revenue per Rooftop (ARRPR)

Quorum now collects all of its recurring SaaS based revenues in its Support Revenue stream, and in 2017 it added its recurring Communicator software revenues, previously included in Add-on Revenue, to this stream. Once a dealership has installed **XSELLERATOR™**, recurring Support Revenues are earned from the SaaS (software as a service) nature of the **XSELLERATOR™** software solution. Quorum's trailing twelve month (TTM) ARRPR has grown by 15% over the past two years.

Dealer Utilization

Unique to Quorum's solution is that **XSELLERATOR™** is more than just a DMS. The tools and processes within allow dealers to not only enhance the sales process, but also provide dealerships with a platform for increasing the service and parts revenues that they bring in from their own customers. The more a dealer utilizes all of the processes and tools within **XSELLERATOR™**, the more complete a solution it becomes for that dealer.

Dealership Satisfaction

Dealership satisfaction is a key driver for to continued strong growth. Quorum reports on the consistently high dealership satisfaction ratings it achieves in its quarterly financial reports.
